Positions/Experience

2006– Present

Shared Faculty, Albuquerque, New Mexico University of New Mexico College of Pharmacy, Walgreens Patient Care Center, Walgreens and University of New Mexico Shared Faculty Clinical Educator Track position. Continue to share staff pharmacist responsibilities in the retail setting including dispensing, counseling, and over-the-counter medication referrals. Precepts University of New Mexico College of Pharmacy students, Rosemont University, and University of Southern Nevada College of Pharmacy students throughout the year in both disease state management and immunization based rotations. Established a clinical practice at the Patient Care Center in a retail pharmacy setting inclusive with health screenings and other educational services such as medication therapy management, diabetes, hypertension, osteoporosis, hyperlipidemia, polypharmacy, and Medicare part D consultations, and travel vaccines consultations. Offers travel and routine child and adult immunizations and tobacco cessation clinics regularly at the Patient Care Center. Opportunity to teach and certify New Mexico pharmacists, University of New Mexico students, and pharmacy technicians in areas of Emergency Contraception, Immunizations, and Tobacco Cessation. Organize, supervise, and participate in New Mexico Pharmacist Association public health events, Walgreens community service projects and community engagement, and University of New Mexico College of Pharmacy community activities. Initiated and oversee Immunization Center of Excellence program at eight Walgreens locations throughout the state of New Mexico. In addition to added clinical services, continue to dispense and counsel patients regarding medications, compounds, and other pharmaceuticals. Review new prescriptions and refills for potential drug interactions and drug reviews. Developed knowledge about managed care pharmacy including prior authorization, formulary guidelines, and the structural differences of PBMs, HMOs, and Medicare part D.

2004 - Present

New Mexico Veterans Affairs Health Care System, Albuquerque, New Mexico, Inpatient and Outpatient Staff Pharmacist, Centrally review and verify mail order and outpatient prescriptions, verify inpatient physician order entry, emergency medicine service orders, dispense medications, and counsel patients on discharge medications. Work directly with physicians and healthcare professionals to optimize outcomes in ambulatory clinic & inpatient settings.

2005 - 2006

New Mexico Veterans Affairs Health Care System, Albuquerque, New Mexico Intravenous Admixtures and Infectious Disease Clinical Pharmacy Specialist, Planned, supervised, and coordinated all activities and functions of the IV infusion pharmacy service and home infusion service. Responsible for all aspects of the parenteral nutrition program for inpatient and outpatients. Active member of several committees within the hospital and UNM including the Investigational Review Board, Parenteral Nutrition team, Home IV team, PICC Line team, Environmental Control Committee, Antibiotic Formulary Subcommittee, Infectious Disease Committee, Pandemic Influenza Committee, and Flu Vaccine Committee. Supervised and precept pharmacy students, residents, Central New Mexico students, and pharmacy technicians assigned to the area. Responsible for bringing the infusion room to be compliant with USP sterile preparation standards, including creation of blueprints, gap analysis, and didactic competency trainings for all staff. Responsible for setting up hydromorphone patient controlled analgesic pump program, which continues to be an effective program within the institution.
