TEACHING

1/2019-present	<p>PHRM 798 Problems Course UNM Quality Improvement (QI) Practicum</p> <ul style="list-style-type: none"> • UNM College of Pharmacy, College of Nursing and School of Medicine as well as resident physicians and faculty from across the UNM Health System are collaborating to improving the care of patients within our health system and the greater New Mexico community. During this course, the students develop a QI project from conception to completion as evidence for learning the QI process. The completed project is presented in a poster at a professional symposium and/or in a published manuscript by the end of the course.
10/2018-present	<p>Interprofessional Education (IPE) Geriatric Education and Health Maintenance (GEHM) Clinic (PHRM 781 – Elective – 2 credit hours)</p> <ul style="list-style-type: none"> • Instructor of Record • During this course PY2 student-pharmacists unction within an interprofessional team to collaborate and model direct patient care with the faculty and students from the College of Nursing and College of Dental Hygiene to serve as health educators to adults at multigenerational centers, senior centers and meal sites throughout Albuquerque. The students provide services including assessment and medical screening, education about health maintenance, disease prevention and administer UNMH flu vaccine under UNMH protocol and standing orders.
2017-present	<p>PHRM 807: Introduction to Pharmacy Practice and Communication</p> <ul style="list-style-type: none"> • Instructor of Record • This course is designed to provide students with (a) insight into themselves and their unique talents as future health professionals, (b) an understanding of the tenets of professionalism and (c) the fundamentals of professional communication in healthcare settings.

-
- | | |
|----------------|---|
| 2017-present | PHRM 770: Advanced Pharmacy Practice Experience (APPE) <ul style="list-style-type: none"> • Instructor of Record/Facilitator • The APPEs take place during the entire fourth year of pharmacy school and are designed to provide advanced and specialized experiences. |
| 2016-present | PHRM 803/813/843: Aspects of Patient Care <ul style="list-style-type: none"> • Presenter/Facilitator • Series of courses for the development of professional communication using Motivational Interviewing skills. Small group session using case based learning, skills developed include drug information and presentation presentations |
| 1/2018-12/2018 | UNM HSC IPE: HSC IPE Info Series <ul style="list-style-type: none"> • Course Co-coordinator • Series of seminars with a focus on understanding the roles of health sciences professions for developing interprofessional collaboration. |
| 3/2018- 5/2018 | PHRM 815: Introduction to Integrated Pharmacotherapy & Self Care Products <ul style="list-style-type: none"> • Presenter/facilitator • A pharmacotherapeutics course studying the use of non-prescription drugs, supplies, and herbal medicinals with emphasis on the pharmacist's role as advisor, communicator, and educator to patients. |
| 2017-present | PHRM 819/829/829/849/859: Professional Development I-V <ul style="list-style-type: none"> • Presenter/facilitator • Series of courses with focus on professionalism, leadership development, career exploration and decision-making, post graduate education opportunities, and contemporary professional practice issues influencing patient care. |
| 8/2012-12/2016 | PHRM 798: Problems in Pharmacy Patient Education <ul style="list-style-type: none"> • Instructor of Record • Case-based learning to strengthen and assess patient education encounters |
| 11/2007-2016 | PHRM 703L/704L: Pharmaceutical Care Labs <ul style="list-style-type: none"> • Instructor of Record/facilitator • Introduction to the "languages and tools" used in contemporary pharmacy practice. Emphasis on calculations, communication, drug information, product formulation, and problem-solving. |
| 11/2008-2015 | PHRM 718L/733L/762L/765L: Pharmaceutical Care Labs <ul style="list-style-type: none"> • Facilitator • Series of courses with focus on developing skills, knowledge and attitudes related to roles of the pharmacist in patient care. |
| 1/2013-12/2014 | PHRM 798: Problems in Pharmacy Health Literacy in Pharmacy <ul style="list-style-type: none"> • Instructor of Record/facilitator • Case-based learning to facilitate development of knowledge and skills fundamental to listening and taking to patients. |
| 8/2009-5/2012 | PHRM 5808: Problems in Pharmacy Comprehensive Diabetes Education <ul style="list-style-type: none"> • Instructor of Record/facilitator • The purpose of this course is to provide the student with a multidisciplinary foundation in the principles of diabetes management beyond the information obtained within the endocrinology therapeutics module. The student will develop |

their knowledge and ability to assess, manage, educate and monitor patients with diabetes.

- 8/2011-5/2012 PHRM 798: Problems in Pharmacy Web Site Development Instructor of Record,
 - Instructor of Record
 - Topics: Drug information for Top 200 most frequently prescribed drugs.
- 8/2010-12/2012 PHRM 705/715: Pathophysiology Medical Terminology
 - Course Coordinator
 - Case based learning for medical terminology.
- 8/2009-2016 PHRM 770: Advanced Pharmacy Practice Experience (APPE)
 - Co-Preceptor/facilitator
 - Academic Teaching Rotation
- 2012-2014 PHRM 798: Problems in Pharmacy Patient Asthma Education
 - Research Preceptor
 - 3 Doctor of Pharmacy Candidates
- 8/2009-8/2013 PHRM: Resident Teaching Certificate program
 - Facilitator
 - 5 Doctor of Pharmacy Residents
- 8/2011-5/2012 PHRM 798: Problems in Pharmacy Non-sterile Compounding Rotation
 - Instructor of Record
 - Topics: compounding creams, ointments, suppositories, suspension, capsules
- 8/2010-1/2012 PHRM 770: Advanced Pharmacy Practice Experience (APPE)
 - Instructor of Record
 - Ambulatory Care Rotation
- 4/2008-2016 PHRM 715: Pathophysiology II
 - Lecturer
 - Pathological consequences of disease states, including clinical presentation and histological findings presented by organ systems.
- 4/2006 PHRM 770: Advanced Pharmacy Practice Experience (APPE)
 - Preceptor
 - Ambulatory Diabetes Rotation
- 2018 UNM HSC IPE: Public Health Emergency Preparedness Mass Causality Simulation
 - Facilitator
 - The goal of this exercise was to take students outside of their comfort zone, confront them with a realistic scenario, and allow them to respond as they would in a real incident.
- 2017 UNM HSC IPE: Communication and Ethics curriculum
 - Course Co-coordinator
 - This case based activity involved students from Nursing 390 and PHRM 807. Series of 4 IPE activities for Use the knowledge of one's own role and those of other professions to appropriately assess and address the health care needs of patients and to promote and advance the health of populations.
- 2017 UNM HSC IPE: Mental Health First Aid

- Course Co-Coordinator/Facilitator
 - This course was designed to learn how to help a person who may be experiencing a mental health related crisis or problem. Topics covered include anxiety, depression, psychosis, and addictions.
- 2015-2016 UNM HSC IPE: Interprofessional Community Engaged Curriculum
- Course Co-Coordinator/Facilitator
 - This course was designed to encourage local stakeholders to work together in a collaborative process to survey their community.
- 1/2016-2017 UNM HSC IPE: PHEP table top exercises
- Course co-coordinator/Facilitator
- 1/2015 UNM HSC IPE: PHEP Statewide Response Simulation
- Course Coordinator/ Facilitator
 - Simulation in emergency public response for developing interprofessional collaboration in a disaster situation.
- 10/2015 UNM HSC IPE: Prescriptions writing 101
- Co-coordinator/facilitator
 - This case-based activity involved students from PHARM 703 and PAST 533. Students practiced writing prescriptions to build skill and interprofessional understanding of barriers to patient care related to prescribing medication practices.
- 3/2014 UNM HSC IPE: Understanding dosage forms
- Co-coordinator/Facilitator
 - This case-based activity involved students from PHARM 703 and PAST 533. Topics: patient counseling with ophthalmics, transdermal patches, otics, MDIs, injectables, topical ointments and creams, suppositories, Oral ER and sublingual formulations.
- 1/2009-5/2013 UNM HSC IPE: Interprofessional Diabetes Education
- Instructor of Record
 - The purpose of this course is to provide the student with an interprofessional foundation in the principles of diabetes management.
- 8/2013-5/2015 PAST 533: Pharmacology and Pharmacotherapy
- Module Coordinator/facilitator
 - This is the last in a series of four courses designed to provide PA students with a basic foundation in pharmacology through selected prototype drugs and a more thorough understanding of basic pharmacotherapeutics.
- 5/2014-6/2015 SOM: Public Health Social Determinants of Health
- Discussion Facilitator
 - Case based learning between Doctor of Pharmacy and Doctor of Medicine candidates
- 3/2012-5/2014 SOM: Communication in the Trenches
- Discussion Facilitator
 - Case based learning between Doctor of Pharmacy and Doctor of Medicine candidates

MENTORING

- 2019-present UNM Quality Improvement Practicum

- Quality Improvement Project Co-Mentor for 6 pharmacy and medicine students and 2 medicine residents.
 - This is a 6-month, extracurricular, experiential learning opportunity for multidisciplinary learners interested in obtaining the knowledge and experience necessary to contribute to quality improvement and patient safety efforts through interdisciplinary interventions.
- 2018-present PHRM: UNM COP Cares!
- Mentor for 8 pharmacy students
 - The goals for the mentoring program are to: promote student engagement, build student competencies, support student learning and academic performance.
- 2014-2015 AACP Walmart scholars program
- Mentor for 1 pharmacy student

Community Involvement/Outreach

Clinical Service:

- 2/2010-present Pharmacist Clinician and Diabetes Educator, Albuquerque Health Care for the Homeless, Albuquerque, New Mexico
Supervising Physician: Samuel Tri, DO
I serve on a team multi-disciplinary team of physicians, pharmacists, nurses, psychiatrists, ophthalmologists, dentists, podiatrists, client advocates and counselors. We work together to provide critical services to over 7,000 men women and children every year to provide healthcare services for homeless people. focused on harm reduction and education about prevention and treatment of disease and related complications. As Program Director for Diabetes Education I am responsible for providing diabetes related medical services and medication management in accordance with a New Mexico Board of Pharmacy approved protocol.
- 8/2016-3/2018 Staff Pharmacist, Medication Therapy Management Call Center
Albuquerque, NM
Clinical Director: Melanie Dodd
Patient interactions took place over the telephone. My duties for MTM included the following:
- Review all prescription medications, over-the-counter medications, vitamins and supplements
 - Provide information about medications
 - Review all medications for possible interactions and/or allergies
 - Communicate with the patient's provider any recommendations identified during the call to help better the patient's health
- 1/2005-10/2006 Pharmacist Clinician and Diabetes Educator, Southwest Endocrinology Associates, PA, Albuquerque, New Mexico
Supervising Physician: Robert T. Ferraro
The role I served was the same capacity as described in 2005-2006. As a Pharmacist Clinician I received Board Certification Prescriptive Authority. Prescriptive Authority included non-controlled and controlled substance status.
- 9/2004-1/2005 Clinical Pharmacist and Diabetes Educator, Southwest Endocrinology Associates, PA, Albuquerque, New Mexico
Supervising Physician: Robert T. Ferraro
As Program Director for Diabetes Education I provided both group and 1:1 diabetes education and diabetes management service. I initiated and followed-up an average of 12 people on

diabetes pumps monthly. I was the sole diabetes educator for weekly 2-hour education courses, holiday meal planning courses and a monthly 1-hour Byetta education course and mediation initiation program. The course titles were as followed:

- *Byetta Information for the Patient*
- *Nutritional Considerations in Diabetes Management*
- *Medications in Diabetes*
- *Pathophysiology Reducing Risk of Complications in Diabetes*
- *Holiday Eating and Diabetes Management*

Clinical Outreach:

- 1/2010-present Clinical Pharmacist and Diabetes Educator, One Hope Centro de Vida Health Center, Albuquerque, New Mexico
As the Clinical Consultant for Diabetes Education I collaborate with community workers, physicians, nurses, medical students and pharmacy students to develop culturally sensitive diabetes program. The innovative diabetes program is developed to address the unique needs of the community in a holistic manner. Education classes include, but are not limited to, understanding the pathophysiology of diabetes, medication management, goals in diabetes care, diabetes related risk reduction, nutrition and mental, physical, spiritual, emotional and social support.
- 11/2011 and 1/2013 Clinical Pharmacist and Diabetes Educator, Universite Chretienne du Nord d' Haiti (UCNH) community medical clinic, Au Limbe, Haiti
 Clinique de Bienfaisance, Danda, Haiti
 Byur Health Clinic, Byur, Haiti
The interdisciplinary team consists of a medical doctor, a nurse mid-wife and me, a clinical pharmacist. As the clinical pharmacist on the team I contribute by providing 1:1 patient care related to diabetes management, diabetes education classes and other clinically relevant services.
- November 2011 resulted in provision of culturally considerate direct care for over 50 high-risk diabetes patients, diabetes education to >200 Hatians at risk of diabetes and related complications and ADA and AACE Best Practices education to a medical staff. The medical staff included 4 medical doctors, 15 mid-wives, 4 pharmacy employees and 6 medical assistants. During my stay I was also involved in collaborative provision of in-patient clinical care for 170 newly admitted pediatric patients for cholera treatment. Treatment results in no lives lost.*
- January 2013 resulted in provision of intensive 1:1 diabetes management and care for 28 patients, diabetes education to >250 Haitians at risk of diabetes complications and high risk pregnancy groups. Medical staff diabetes education included 6 medical doctors, 35 mid-wives and faculty leadership at Universite Chretienne du Nord d' Haiti. Currently a team of community derived mid-wives is being formally developed. Long term efforts will result in community workers educated for sustainable provision of 1:1 diabetes management and prevention for high risk pregnancies.*
