

CURRICULUM VITAE

Name, Terminal Degree: Larissa Myaskovsky, PhD
Current Role/Title: Professor (with Tenure)
 Director, Center for Healthcare Equity in Kidney Disease (CHEK-D)
 Nephrology Division, Department of Internal Medicine
 University of New Mexico, School of Medicine

Professional Address: MSC10-5550, 1 University of New Mexico, Albuquerque, NM 87131

Education History**Postgraduate**

- 2016-2017 University of Pittsburgh, Pittsburgh, Pennsylvania Fellow, Professional Mentoring Skills Enhancing Diversity (PROMISED) leadership training program [Director: Doris M. Rubio, PhD]
- 2004-2005 VA Pittsburgh Healthcare System Pittsburgh, Pennsylvania Fellow, Health Services Research, Center for Health Equity Research and Promotion [Director: Michael J. Fine, MD, MPH]
- 2002-2004 University of Pittsburgh, School of Medicine, Pittsburgh, Pennsylvania Post-doctoral Research Fellow, Clinical Epidemiology, Department of Psychiatry [Advisers: Mary Amanda Dew, PhD, and Galen E. Switzer, PhD]

Graduate

- 2000 Universite Blaise Pascal Clermont-Ferrand, France Pre-doctoral Fellow, Stigmatization and Discrimination [Adviser: Brenda Major, PhD]
- 1996-2001 University of Pittsburgh Pittsburgh, Pennsylvania PhD (2001), Social Psychology [Adviser: Richard L. Moreland, PhD] Master's Certificate (2001), Women's Studies [Adviser: Kathleen Blee, PhD]
- 1993-1995 California State University, Northridge Northridge, California MA (1995), General-Experimental Psychology [Adviser: Michele Wittig, PhD]

Undergraduate

- 1989-1993 University of California, Los Angeles Los Angeles, California BA (1993), Psychology, with Specialization in Women's Studies

Employment History

- 2021-present Professor (secondary appointment), Department of Psychiatry, University of New Mexico School of Medicine, Albuquerque, NM
- 2021-present Professor (secondary appointment), College of Population Health, University of New Mexico, Albuquerque, NM
- 2021-present Faculty Affiliate for Health Services Research, Center for Native American Health, University of New Mexico Health Sciences Center
- 2020-present Professor (with Tenure), Department of Internal Medicine, University of New Mexico, School of Medicine, Albuquerque, NM
- 2020-present Director, Professional Development Core, Mountain West Clinical and Translational Research Infrastructure Network (MW CTR-IN), an NIH-funded Institutional Development Award (IDeA) program
- 2020-present Member-at-Large, University of New Mexico Comprehensive Cancer Center, Albuquerque, NM
- 2019-2020 Associate Director, Professional Development Core, Mentoring Unit, Mountain West Clinical and Translational Research Infrastructure Network (MW CTR-IN), an NIH-funded Institutional Development Award (IDeA) program

- 2018-2019 Interim Chief, Division of Epidemiology, Biostatistics, and Preventive Medicine, University of New Mexico, School of Medicine, Albuquerque, NM
- 2017-present Director, Center for Healthcare Equity in Kidney Disease (CHEK-D), University of New Mexico, Albuquerque, NM
- 2017-2020 Associate Professor of Medicine, University of New Mexico, Albuquerque, NM
- 2016 Tenure Conferred, University of Pittsburgh, Pittsburgh, PA
- 2014-2017 Research Health Scientist, Veterans Engineering Resource Center, VA Pittsburgh Healthcare System, Pittsburgh, PA
- 2011-2017 Associate Professor of Medicine, Psychiatry, and Clinical and Translational Science, University of Pittsburgh, Pittsburgh, PA
- 2011-2017 Faculty Associate, Center on Race and Social Problems, School of Social Work, University of Pittsburgh, Pittsburgh, PA
- 2010-2017 Director, Content Specialization in Healthcare Disparities and Underserved Populations Research, ICRE and CTSI, University of Pittsburgh, Pittsburgh, PA
- 2009-2011 Assistant Professor of Clinical and Translational Science, ICRE and Clinical and Translational Science Institute (CTSI), University of Pittsburgh, Pittsburgh, PA
- 2009-2017 Core Faculty Member, Institute for Clinical Research Education (ICRE), University of Pittsburgh, Pittsburgh, PA
- 2008-2017 Affiliate Faculty, Center for Bioethics and Health Law, University of Pittsburgh, Pittsburgh, PA
- 2006-2017 Core Faculty Member, Center for Research on Health Care, School of Medicine, University of Pittsburgh
- 2006-2011 Assistant Professor of Medicine and Psychiatry, University of Pittsburgh, Pittsburgh, PA
- 2005-2017 Research Health Scientist and Core Investigator, Center for Health Equity Research and Promotion, VA Pittsburgh Healthcare System, Pittsburgh, PA

Professional Recognition and Honors

- 2021 Fellow, American Society of Transplantation (FAST). FAST designation recognizes AST members who have demonstrated both an exceptional commitment to the field of transplantation and outstanding service to the AST.
- 2020 Outstanding Supervisor Award, presented by the University of New Mexico Staff Council, recognizes supervisors who create work environments that facilitate work-life balance, professional development, and effective leadership in support of the values and mission of the University of New Mexico.
- 2017 Poster of Distinction Award, for “Non-medical factors contributing to racial disparity in kidney transplant wait-listing,” presented by the American Transplant Congress.
- 2017 Recipient, Philip Troen, MD Excellence in Medical Student Research Mentoring Award, presented by the School of Medicine, University of Pittsburgh, Pittsburgh, PA.
- 2016 Member Spotlight, American Society of Transplantation, March 2016:
<https://www.myast.org/about-ast/membership/member-spotlight/larissa-myaskovsky-phd>
- 2014 Poster of Distinction Award, for “Fewer Race Disparities in the National VA Kidney Transplant Program,” presented by the World Transplant Congress.
- 2014 Poster of Distinction Award, for “Race, Experience of Discrimination, and Other Non-Medical Factors Predict Differences in Acceptance for Kidney Transplantation,” presented by the World Transplant Congress.
- 2010 Selected participant, competitive application to attend the Early Career Women Faculty Professional Development Seminar of the Association of American Medical Colleges.
- 2010 Poster of Distinction Award, for “Racial Disparities in Kidney Transplantation: Beyond Medical Factors,” presented by the American Transplant Congress.
- 2008 Selected participant, competitive application to attend the Scientific Management and Leadership Course for the Schools of the Health Sciences, University of Pittsburgh.

- 2000 Merit Fellowship from the Society for Personality and Social Psychology, awarded to attend the European Association of Experimental Social Psychology Summer School at the Universite Blaise Pascal, Clermont-Ferrand, France.
- 2005 Nursing and Social Sciences Research Excellence Award, presented for “Profiles and Predictors of Psychiatric Distress across 4 Years after Heart Transplantation,” recognized as the best social science paper at the Annual Meeting of the International Society of Heart and Lung Transplantation.
- 2001 Doctoral Dissertation Grant, for “Exploring the Effects of Gender Composition on Transactive Memory in Groups,” Women’s Studies Program, University of Pittsburgh.
- 2000 Matching Merit Award from the Department of Psychology, University of Pittsburgh, to attend the European Association of Experimental Social Psychology Summer School at the Universite Blaise Pascal, Clermont-Ferrand, France.
- 1995 Graduation with high honors, California State University, Northridge.
- 1995 William Wilsoncroft Award, for academic excellence in the General-Experimental Psychology Program, Department of Psychology, California State University, Northridge.
- 1995 Master’s Thesis Research Grant, California State University, Northridge.
- 1994 James Russell Simpson Student Scholarship, for academic merit, California State University, Northridge.
- 1993 Graduation *cum laude*, University of California, Los Angeles.
- 1993 Distinguished member, UCLA Chapter of Psi Chi International Honor Society.
- 1992, 1993 Dean’s Honor List, University of California, Los Angeles.

Memberships in Professional and Scientific Societies

- 2013-present Academy Health
- 2013-present American Society of Transplantation
- 2011-present American Public Health Association
- 2010–present Society for Clinical and Translational Science
- 2002–present Health Psychology Division (Division 38 of the APA)
- 2002–present Society of Behavioral Medicine
- 1995–present Society for the Psychology of Women (Division 35 of the APA)
- 1995–present Society for the Psychological Study of Social Issues (Division 9 of the APA)
- 1993–present American Psychological Association (APA)
- 1989–1993 Psi Chi International Honor Society in Psychology

Invited Lectures (Research Related)

1. "Disparities in access to transplantation." Invited speaker for the American Society of Transplantation's *Timely Topics in Transplantation* webinar, November 4, 2020.
2. "Overcoming geographic challenges to transplantation." Invited speaker in scientific session entitled, "Rural Nephrology: Obstacles to Care and Solutions," at the Annual Meeting of the American Society of Nephrology Kidney Week, San Diego, CA, October, 2018.
3. "Unexpected race and ethnicity differences in the U.S. National Veterans Affairs kidney transplant program." Invited research presentation at the New Mexico VA Healthcare System, Albuquerque, NM, June, 2018.
4. "The influence of race, cultural, and psychosocial factors on disparities in processes and outcomes of care for spinal cord injury." Invited lecture at the State of the Science Symposium: Diversity and Disparity in Medical Rehabilitation for Wounded, Injured, and Ill Veterans, Uniformed Services University of the Health Sciences, Bethesda, MD, November, 2014.
5. "Association of race, cultural and psychosocial factors with QOL after spinal cord injury: A health services research perspective." Invited lecture at the Rehabilitative and Regenerative Medicine for Minority Health and Health Disparities (REMEDY), a FRONTIERS Advanced Training Course funded by the NIH, Morehouse School of Medicine, Atlanta, GA, June, 2014.
6. "Race Disparities in Kidney Transplantation." Medicine Grand Rounds presented at the University of New Mexico, Albuquerque, NM, February, 2013.
7. "Cultural and psychosocial factors predict racial disparities in kidney transplant evaluation." Poster presentation at the 2012 NIDDK New Principal Investigators Workshop, Bethesda, MD, December 2012.
8. "Understanding disparities in kidney transplantation." Paper presented at the Center for Organ Recovery and Education/Minority Organ and Tissue Transplant Education Program's Second Annual Kountz, Callender, Rappaport Multicultural Transplantation Symposium, Transplantation Disparities: Current Trends and Future Prospects, Pittsburgh, PA, September 2011.

Research-Related Presentations: National and International (*indicates work completed with mentees)

1. Kano M, Adler Jaffe S, Rieder S, Guest D, Burgess E, Hurwitz A, Rutledge T, Dayao Z, Warren B, Pandhi N, **Myaskovsky L**. "Opportunities and challenges for creating sexual and gender minority cancer health equity: Patient and caregiver perspectives from a qualitative pilot study." Oral presentation at the 45th Annual Meeting of the American Society of Preventive Oncology (ASPO), Virtual Meeting, March, 2021.
2. *Swift S, Wang S, Chang CCH, Pleis JL, Dew MA, Shapiro R, Unruh ML, Kendall K, Crowell E, Peipert JD, **Myaskovsky L**. Do Social Determinants of Health Predict Patient Reported Outcomes in Kidney Failure Patients Being Evaluated for Transplant? Oral presentation presented at the Annual Meeting of the American Society of Nephrology (Kidney Week), Virtual Meeting, October 2020
3. *Ford CG, Kruger E, Leyva YL, Zhu Y, Crowell EJ, Kendall KL, Dew MA, Puttarajappa C, Unruh ML, Ng Y, **Myaskovsky L**. "Predictors of Kidney Transplant Evaluation Non-Attendance." Poster presented at the Annual Meeting of the American Society of Nephrology (Kidney Week), Virtual Meeting, October 2020.
4. *Ford CG, Leyva YL, Zhu Y, Crowell EJ, Kendall KL, Puttarajappa C, Dew MA, Unruh ML, Ng Y, **Myaskovsky L**. "Predictors of kidney transplant evaluation clinic attendance." Poster presented at the 41st Annual Meeting and Scientific Sessions of the Society of Behavioral Medicine, San Francisco, CA, April 2020.
5. *Ng YH, Litvinovich Y, Leyva Y, Ford CG, Zhu YL, Kendall K, Crowell E, Puttarajappa CM, Dew MA, Shapiro R, Unruh ML, **Myaskovsky L**. "Can social determinants of health pre-transplant predict adherence post-transplant?" Poster presented at the Annual Meeting of the American Society of Nephrology, Kidney Week, Washington DC, November 2019.
6. *Gangwisch D, Nellos T, Harford A, Ng YH, **Myaskovsky L**, Leyva Y, Riley JM. Renal transplant study on the effect of time from initial evaluation to wait-listing on renal allograft outcomes. Poster presented at the 98th Annual Meeting of the South Central Section of the American Urological Association, Colorado Springs, CO, September 2019.
7. *Gangwisch D, Nellos T, Harford A, Ng YH, **Myaskovsky L**, Leyva Y, Riley JM. Renal transplant study on the effect of time from initial evaluation to wait-listing on renal allograft outcomes. Poster presented at the University of New Mexico Annual Surgery Research Symposium, Albuquerque, NM, July 2019.
8. *DeBlasio RN, **Myaskovsky L**, Kendall KL, DiMartini AF, Switzer GE, Posluszny DM, Puttarajappa C, Tevar AD, Hariharan S, Shapiro R, Dew MA. Race and substance use as predictors of candidacy for

- kidney transplantation. Oral presentation presented at the annual meeting of the American Transplant Congress, Boston, MA, June 2019.
9. *Wesselman H, Wang S, Chang C-C, Pleis JR, Kendall KL, Croswell E, Dew MA, Unruh M, Shapiro R, **Myaskovsky L**. Social determinants of quality of life in patients evaluated for kidney transplant. Poster presented at the annual meeting of the American Transplant Congress, Boston, MA, June 2019.
 10. *DeBlasio RN, **Myaskovsky L**, Kendall KL, DiMartini AF, Switzer GE, Posluszny DM, Puttarajappa C, Shapiro R, Dew MA. Race and substance use as predictors of candidacy for kidney transplantation. Poster presented at the Annual Biomedical Research Conference for Minority Students, Indianapolis, IN, November 2018.
 11. *Wesselman H, Li X, Chang CH, Kendall KL, Pleis JR, Croswell E, Dew MA, Shapiro R, **Myaskovsky L**. Social determinants of quality of life in patients evaluated for kidney transplant. Poster presented at the annual meeting of the American Society of Nephrology Kidney Week, San Diego, CA, October 2018.
 12. *Kendall KL, Chang CH, Li X, Pleis JL, Croswell E, Dew MA, Langone A, Mittalhenkle A, Saha S, Adams-Flohr J, Ramkumar M, Thomas C, **Myaskovsky L**. Non-medical factors predict receipt and type of kidney transplant in Veterans. Oral presentation at the annual meeting of the American Transplant Congress, Seattle, WA, June 2018.
 13. *Wesselman H, Li X, Chang CH, Kendall KL, Pleis JR, Croswell E, Dew MA, Shapiro R, **Myaskovsky L**. Non-medical factors predict receipt and type of kidney transplant. Poster presentation at the annual meeting of the American Transplant Congress, Seattle, WA, June 2018.
 14. **Myaskovsky L**, Jesse M, Kuntz K, Leino A, Piepert JD, Russell C, Spivey C, Sulejmani N, and Dew MA. "Report from the AST Adherence Task Force: Real World Options for Promoting Adherence" Panel Discussion presented at the 39th Annual Meeting and Scientific Sessions of the Society of Behavioral Medicine, New Orleans, Louisiana, April 2018.
 15. *Ng Y, Pankratz VS, Bornemann KL, Croswell E, Pleis JR, Unruh ML, Shapiro R, **Myaskovsky L**. "Factors impacting racial disparity in kidney transplant wait-listing." Poster presented at the Annual Meeting of the American Society of Nephrology (Kidney Week), New Orleans, LA, November 2017.
 16. Fyffe D, Worobey L, **Myaskovsky L**. "Demographic, cultural, psychosocial, and health factors associated with wheelchair outcomes in spinal cord injury." Symposium presented at the Annual Conference of the American Congress of Rehabilitation Medicine, Atlanta, GA, October 2017.
 17. *Ng Y, Pankratz VS, Bornemann KL, Croswell E, Pleis JR, Unruh ML, Shapiro R, **Myaskovsky L**. "Non-medical factors contributing to racial disparity in kidney transplant wait-listing." Poster presented at the 17th Annual American Transplant Congress, Chicago, IL, May 2017.
 18. *Bornemann K, Croswell E, Abaye M, Bryce CL, Chang CH, Good D, Freehling C, Dew MA, Boulware LE, Tevar A, **Myaskovsky L**. Protocol of the KTFT-TALK Study to reduce racial disparities in kidney transplant evaluation and living donor kidney transplantation." Poster presented at the 17th Annual American Transplant Congress, Chicago, IL, May 2017.
 19. **Myaskovsky L**, Kuntz K, Jesse M, Peipert JD, Spivey C, Russell C, Dew MA. "Report from the AST Adherence Task Force: Real world options for promoting adherence." Symposium presented at the 17th Annual American Transplant Congress, Chicago, IL, May 2017.

Current Grant and Contract Funding

Years	Grant Number and Title	Role and % Effort	Source and Amount
2021-2023	Mixed-methods research to understand sexual and gender minority (SGM) patient and caregiver experiences of cancer palliative care	Co-I (mentor), 2.5% (subsumed by CHEK-D)	National Cancer Institute (NCI) Loan Repayment Program, \$70,000
	We will conduct a mixed methods study to compare the experiences of SGM cancer patient and caregiver dyads to those of heterosexual, cisgender patient and caregiver dyads who are or are not utilizing palliative care services at the University of New Mexico Hospital while receiving oncology treatment at the University of New Mexico Comprehensive Cancer Center (PI: Kano)		
2021-2022	U24DK060990, Neighborhood Built Environment and Racial Disparities in Chronic Kidney Disease [sub-award from The Chronic Renal Insufficiency Cohort (CRIC) Study Opportunity Pool Program]	PI, 10%	National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), \$75,000
	We will evaluate the influence of neighborhood built environment (i.e., walkability, food environment, and racial segregation) on CKD and related outcomes (i.e., diet quality, cardiometabolic risk, health-related quality of life, CKD, cardiovascular disease, and all-cause mortality) using data from the Chronic Renal Insufficiency Cohort and geospatial data from the United States (US) Department of Agriculture, the US Census, and Dun and Bradstreet.		
2020-2025	R01MD013752, Access to Kidney Transplantation in Minority Populations (AKT-MP)	PI, 20%	National Institute of Minority Health and Health Disparities (NIMHD), \$2.5 million
	Using a comparative effectiveness approach, we will compare the efficacy and cost-effectiveness of two approaches to help Hispanic/Latino and American Indian patients overcome barriers to completing transplant evaluation and receiving a kidney transplant: a streamlined kidney transplant evaluation process versus a peer-assisted evaluation program. We will assess facilitators and barriers to widespread implementation and conduct a cost effectiveness analysis. We will determine best practices to assist other transplant centers in implementing the better program.		
2020-2021	C-3861, Experiences of Kidney Transplant Donors (DIPEX/HERN)	Multiple PI: Pandhi, Myaskovsky, and Unruh, 5% (subsumed by CHEK-D)	UNM Clinical and Translational Science Center Pilot Fund, \$25,000
	The aim of this study is to use DIPEX (database of individual patient experiences), a qualitative methodology, with kidney donors to understand their pre and post-donation decision-making and quality of life. We will collaborate with HERN (Health Experience Research Network) to collect preliminary data for a large-scale study that will examine the decision-making, health experience, and quality of life of living kidney donors in a multi-site project.		
2020-2021	IRG-17-178-22, Sexual and Gender Minority Cancer Patient and Caregiver Use of Palliative Care	Co-I (mentor), 5% (subsumed by CHEK-D)	American Cancer Society, \$30,000
	We will conduct a mixed methods pilot study to compare the experiences of SGM cancer patient and caregiver dyads to those of heterosexual, cisgender patient and caregiver dyads to help us understand patient and caregiver perceptions of oncology and palliative care utilization. (PI: Kano)		

2020-2021	CTSC023-10, Associations between food subsidy score and incident CKD among Hispanics: the Hispanic Community Health Study/Study of Latinos	PI/Primary Mentor, 5% (subsumed by CHEK-D)	UNM HSC Clinical and Translational Science Center Pilot Award, \$12,000
We will investigate the relationship between diet, food subsidies, and CKD among 16,000 Hispanics from the Hispanic Community Health Study/Study of Latinos (HCHS/SOL)			
2020-2022	0992H7, Participatory research to understand sexual and gender minority (SGM) patient and caregiver experiences of cancer	Co-I (mentor), 2.5%	UNM Comprehensive Cancer Center Reserves, \$150,000
The objective of this project is to understand how SGM cancer survivors and their caregivers, receiving care at the University of New Mexico Comprehensive Cancer Center, experience physical, psychosocial, and financial challenges stemming from cancer and follow up care, and to determine to what degree these experiences are influenced by their sexual and/or gender identities. (PI: Kano)			
2020-2022	C-4157, <u>I</u> mproving Healthcare Outcomes in <u>A</u> merican Indian and Hispanic Transplant Recipients Using <u>C</u> ulturally-Tailored Novel <u>T</u> echnology (IMPACT)	PI, 10%	Dialysis Clinic Inc., DCI, \$316,776
This pilot project aims to: (1) Examine IMPACT's acceptability and feasibility in AI and HL kidney transplant recipients, and (2) test the efficacy of IMPACT on proximal outcomes (e.g., weight, lipid profile, HbA1c, sleep quality, QOL) and distal outcomes (e.g., occupational functioning) in kidney transplant recipients.			
2019-2024	R01DK119199, American Indian Chronic Renal Insufficiency Cohort Study (AI-CRIC)	Co-I, 3%	National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), \$2,500,000
This project will address the burden of CKD in Native communities by forming a consortium of investigators with extensive experience in conducting research of chronic diseases including diabetes, cardiovascular and kidney disease in Native Americans of Southwest US. It will assess the extent to which there are higher rates of CKD/CVD progression and relate CKD to the levels of potential environmental and occupational exposures unique to AIs residing in the American Southwest. (Co-PIs: Unruh and Shah)			
2019-2023	2U54GM104944, Mountain West IDeA Clinical and Translational Research-Infrastructure Network (CTR-IN)	Co-Investigator (Director, Professional Development Core) 20%	National Institute of General Medical Sciences (NIGMS), \$16,000,000
The aims of this award are to accelerate the development of research capacity, increase the quantity, quality, and number of successful NIH grant applications in clinical and translational research, and accelerate scientific discovery to improve health in the 7 Mountain West IDeA states regions. (PI: Kumar)			
2019-2022	C-4120, No-shows for Kidney Transplant Evaluation Study	PI, 5% (subsumed by CHEK-D)	Dialysis Clinic Inc., DCI, \$37,901
The aims of this study are to: 1) Describe the frequency of no-shows and characterize the demographic, socio-cultural, and medical factors in a sample of ESRD patients scheduled for			

	KTE; and 2) After controlling for demographic, socio-cultural, and medical factors, determine the association of kidney transplant ambivalence with no-show for KTE.		
2019-2021	FP7054, CKD guideline implementation study	Co-I, 5% (subsumed by CHEK-D)	Renal Dietitians Dietetic Practice Group, Academy of Nutrition and Dietetics, \$35,000
	Funded by the Nutrition Research Network to evaluate the implementation of CKD dietary guidelines among renal nutritionists. (PI: Jimenez)		
2018-2022	C-4097, Adherence in Kidney Transplant Study	Co-I, 5%	Dialysis Clinic, Inc. (DCI), \$47,292
	The goal of this study is determine which non-medical factors (i.e., demographic, cultural, psychosocial) assessed at time of evaluation for kidney transplant predict post-transplant non-adherence. (PI: Ng)		
2017-2022	C-3924, Center for Healthcare Equity in Kidney (CHEK-D)	PI (Director), 30%	Dialysis Clinic, Inc. (DCI), \$2,000,000
	The Center for Healthcare Equity in Kidney Disease (CHEK-D) is focused on developing and supporting scientists and clinicians in basic, clinical, and translational research to reduce and eliminate disparities in health processes and outcomes related to kidney disease. We partner with dedicated faculty, staff and community leaders on projects to increase healthcare equity in underserved, diverse populations.		

Grant and Contract Funding Under Review

Years	Grant Title	Role and % Effort	Source and Amount
2022-2027	Improving Rural Mental Health Equity Through Medicaid Policy Evaluation	Primary Mentor (subsumed by CHEK-D)	Agency for Health Care Research and Quality (AHRQ), \$763,104
	The overall research goal of this K08 is a detailed, state-based study measuring the effectiveness of New Mexico Medicaid's Alternative Payment Model (APM) as an intervention in rural and URM communities and scaling these findings nationally through a Technical Expert Panel who will identify key measures for inclusion in Medicaid policy analysis. This work lays the foundation for multistate comparisons to prospectively test the impact of Medicaid policy interventions (e.g., APMs) on rural mental health outcomes. (PI: Greenwood-Ericksen)		

Grant Proposals in Progress for Submission

Years	Grant Title	Role and % Effort	Source and Amount
2022-2027	Addressing Multilevel Challenges to Improve Upon Sexual and Gender Minority (SGM) Cancer Care (ACT on SGM Cancer Care)	Co-Investigator, 5%	National Cancer Institute (NCI), \$TBD
	The project goals are to conduct an exploratory, multiphase, mixed-methods study, guided by ecological theory and the Implementation of Change Model (IoCM), to (a) assess organizational attributes and staff attitudes relevant to SGM cancer care at six National Cancer Institute (NCI) designated cancer centers; (b) document patient and caregiver perspectives on		

	cancer and survivorship care through QoL surveys and in-depth qualitative interviews; and (c) develop a toolkit for NCI Cancer Centers to improve SGM-centered cancer care.		
2022-2024	Decreasing R ural Disparities in M aternal M orbidity through Quality E arly P regnancy L oss Care (DRUMM-EPL)	Primary Mentor (subsumed by CHEK-D)	National Institute of Child Health and Human Development (NICHD), \$TBD
	The specific aims of this K23 are to: 1) identify facilitators and barriers to equitable, evidence-based early pregnancy loss (EPL) care in rural practices; design a tool with a user-centered approach to implement evidence-based EPL practices in rural sites; and, 3) test the implementation of the tool for equitable, patient-centered, evidence-based EPL management at rural sites, concluding with a community-engaged evaluation of the tool. (PI: J. Krashin)		
2022-2027	R01 DK129269, mINFO: M y I ndividualized N umbers for O ptimal Health	PI, 25%	National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), \$3,663,085
	Using a prospective, adaptive study design, we will conduct a randomized controlled trial to test the effect of a new mHealth intervention, consisting of patient-friendly dashboards to relay lab bloodwork results and prompts to check their weight, blood pressure and medications, on: (a) patient adherence to treatment and self-care recommendations; (b) patient-provider communication, patient satisfaction, and quality of life; and, (c) the rate of change in renal function, glycemic control, blood pressure, and weight, in CKD patients in New Mexico.		
2022-2027	I mproving Healthcare Outcomes in Minority A merican Transplant Recipients Using C ulturally-Tailored Novel T echnology (IMPACT)	PI, 30%	National Center for Advancing Translational Sciences (NCATS), \$TBD
	This multi-site trial will test the efficacy of a personally-tailored diet and exercise intervention using a novel technology for Hispanic, American Indian, African American, and White kidney transplant recipients.		
2022-2027	Kidney Network Education, Collaboration and Training - E xtension for C ommunity H ealthcare O utcomes (Kidney - ECHO)	Multiple PI – Myaskovsky, Unruh, Arora	National Institute of Diabetes, Digestive, and Kidney Diseases (NIDDK), \$TBD
	The overarching aim of this research is to reduce the burden of chronic kidney disease (CKD) among traditionally underserved populations by overcoming barriers to the use of effective interventions to slow progression and prevent CKD complications. We anticipate that Kidney-ECHO will significantly improve blood pressure and HbA1c of Type 2 diabetics. In addition, Kidney-ECHO will significantly improve provider knowledge and self-efficacy.		

Past Grant and Contract Funding

Years	Grant Number and Title	Role and % Effort	Source and Amount
2019-2020	Contraceptive use among women with complex medical conditions	Co-I, 5% (subsumed by CHEK-D)	University of New Mexico School of Medicine Research Allocation Committee (RAC) Grant, \$25,000

	This study is designed to estimate the prevalence of reproductive age women with medical conditions that put them at high risk of adverse events in pregnancy in US Census Division 8 and in New Mexico. Also, we will compare contraceptive use among these women and women without these medical conditions. (PI: Krashin)		
2017-2020	R34 HL132031-01, Cardiac Resynchronization in the Elderly: Piloting Pacemaker vs. Defibrillator Therapy	Co-I, 5%	National Heart, Lung, and Blood Institute (NHLBI), \$450,000
	The project will pilot test a randomized, controlled, non-inferiority trial comparing the survival and quality of life (QOL) of older patients receiving cardiac resynchronization therapy via a pacemaker (CRT-P) vs. a defibrillator (CRT-D). (PI: Saba)		
2014-2020	R01DK101715, Increasing Equity in Transplant Evaluation and Living Donor Kidney Transplantation	PI, 37%	National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), \$2,661,194
	The goals of this project are to (1) test the efficacy and cost effectiveness of a comprehensive, system-level fast-track kidney transplant evaluation for minorities in reducing time to complete transplant evaluation and increase kidney transplantation; and (2) test the effectiveness of an educational video and booklet to encourage discussion and pursuit of living donor kidney transplantation.		
2017	VAPHSVERC17-002, NEPEC Measurement Development	PI, 90%	Northeastern Program Evaluation Center (NEPEC), \$80,544
	NEPEC and the Veterans Engineering Resources Center partnered to identify peer specialist-Veteran interactions through the use of peer specialist electronic health record notes. This project will generate a summary of the data obtained including: a peer specialists-Veteran interaction dataset for FY16, and a peer specialists-Veteran interaction and Veteran characteristics summary totals and metrics for FY15 and FY16.		
2016-2019	R01HL130388, Improving the Availability of Younger Unrelated Hematopoietic Stem Cell Donors	Co-I, 10%	National Heart, Lung, and Blood Institute (NHLBI), \$1,342,310
	Younger potential unrelated hematopoietic stem cell (HSC) donors aged 18-30 are both the most clinically desirable and least likely to agree to donate after having preliminarily matched a patient in need of a transplant. This study is focused on improving availability of younger unrelated potential donors by investigating motivations for joining a registry and barriers and facilitators to agreeing to donate after matching a patient. Potential intervention strategies to improve availability in this group will be generated and evaluated for acceptability and desirability. (PI: Switzer)		
2016-2017	T32HL129964-01, Training Program in Imaging Sciences in Translational Cardiovascular Research	Mentor	National Heart, Lung, and Blood Institute (NHLBI), \$144,704
	This program aims to train post-doctoral fellows to acquire core competency in imaging technologies across a broad spectrum, to achieve fundamental proficiency in tools for translational research spanning basic to clinical investigation, and to use these tools to pursue hypothesis-driven research, with a focus on cardiovascular medicine. (PI: Villanueva)		

2016	Impact of Frequent Attenders on Veteran Access to Care in Outpatient Services	PI, 10% (subsumed by CHERP)	VA Health Services Research and Development (HSR&D), \$7,175
In this Locally Initiated Project, we will test the hypothesis that a minority of patients are utilizing a disproportionate share of outpatient visits. We propose to (1) examine the distribution of outpatient visits and Veteran revisit interval among Veterans in VISN4 to identify frequent attenders; and (2) examine the association of cost of care, number of hospitalizations, and ED use with the frequent attenders identified.			
2014-2015	FOP 14-441, Transcription and Survey Services Needs Assessment and Pilot	Co-I, 10%	VA Health Services Research and Development (HSR&D), \$13,103
This project will conduct (1) a needs assessment of Health Services Research and Development (HSR&D) investigators regarding centralized survey research and transcription services and (2) a pilot project to provide transcription to HSR&D Centers of Innovation (COIN) in greatest need of this service. The information from this service project will provide HSR&D with an understanding of the requirements and feasibility of creating a centralized, internal structure for providing such services to HSR&D investigators. (PI: Switzer)			
2010-2014	T32 HL098036, Vascular Surgery Research Training Grant	Mentor	National Heart Lung and Blood Institute, \$1,860,000
This training grant focuses on advanced research training for vascular surgery. Dr. Myaskovsky's role on the project is that of a disparities mentor for trainees who wish to add a disparities component to their research.			
2010–2013	B7148I Understanding Quality and Equity in Wheelchairs for Veterans	PI, 35.7%	VA Rehabilitation Research and Development (RR&D), \$1,304,462
This is a cross-sectional, multisite study of veterans who have a spinal cord injury or an amputated limb and use a wheelchair as the primary source of mobility. The goals are to determine whether patient factors (demographic and psychosocial characteristics) and provider factors are associated with wheelchair quality, whether wheelchair quality is associated with key patient outcomes, whether patient and provider factors are independently associated with key patient outcomes, and whether the association of patient and provider factors with patient outcomes is explained by differences in wheelchair quality.			
2009–2014	R01DK081325 Understanding Race and Culture in Living Donor Kidney Transplantation	PI, 25%	National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), \$1,402,371
The central goals of this prospective cohort study are to understand the cultural and psychosocial factors associated with racial disparities in living donor kidney transplantation (LDKT) and to understand the relationship of these factors with early posttransplant health outcomes in a sample of African American and white transplant candidates. The study will take an interdisciplinary approach to developing a biopsychosocial model to understand racial disparities in LDKT.			

2009–2013	IIR 06-220 Understanding Race and Culture in Living Donor Kidney Transplantation among Veterans	PI, 35.7%	VA Health Services Research and Development (HSR&D), \$1,075,979
This multisite prospective cohort study is designed to (1) compare African American and white VA transplant candidates along four factors, including cultural factors, transplant-related beliefs, psychosocial characteristics, and demographic characteristics; (2) examine the association of these four factors with transplant preference at initial clinic evaluation at the VA; and (3) examine the mechanisms that underlie the relationships between cultural factors, transplant decision making, and type of transplant scheduled for receipt by veterans.			
2008-2013	T32HS017587 The University of Pittsburgh Postdoctoral Program in Health Service Research	Mentor	Agency for Healthcare Research and Quality (AHRQ), \$235,484
This training program provides a 2-year training experience in health services research for motivated, creative individuals with prior health professional or research doctorates. The program's objectives are to provide 2-4 fellows each year with: 1) rigorous didactic training in a comprehensive spectrum of health services research methodologies; 2) a mentored health services research experience; 3) the tools to develop and submit competitive health services research grant applications; 4) practical experience in collaborative work with stakeholder organizations; and 5) training in the leadership and professional skills necessary to excel as health services researchers. (PI: Kraemer)			
2008–2009	IAB 07-155 Implementing Integrated Care for Veterans with Serious Mental Illness	Site PI, 5%	VA Health Services Research and Development (HSR&D), \$692,000
The objectives of this study were to (1) evaluate the association between underlying organizational characteristics (e.g., staffing, information technology, performance incentives), degree of clinical integration (e.g., coordination, comprehensiveness, and continuity of care), and patient-level outcomes (e.g., quality of care) for substance use and general medical services among veterans diagnosed with serious mental illness (SMI) and receiving care within VHA mental health programs; and (2) describe and compare variations in clinical integration through qualitative interviews of frontline administrators and providers among a subsample of VHA mental health programs with high and low levels of quality of care for veterans with SMI. (PI: Kilbourne)			
2008–2009	LIP 72-042 Assessing Appropriateness of Wheelchair Prescription	PI, 30% (subsumed by MRP 04-409)	Center for Health Equity Research and Promotion (CHERP), VA Pittsburgh Healthcare System (VAPHS), \$24,564
This pilot study was used to create and assess a measure of wheelchair prescription appropriateness and to pilot test the use of the measure in a VA research setting.			
2008	SHP 08-156 Formative Evaluation in Implementation Research: Guideline Development	Co-investigator, 10% (subsumed by MRP 04-409)	VA Health Services Research and Development (HSR&D), \$17,522

	This short-term project was designed to provide rapid results for developing the best approach to the use of formative evaluation in VA implementation science. The systematic review, the qualitative report, and the formative evaluation guidelines that emerged from the project are expected to have widespread applications within the VA implementation community. (PI: Zickmund)		
2007–2008	LIP 72-038 Understanding Healthcare Providers' Perspectives on the Assistive Technology for the Mobility Provision Process	PI, 30% (subsumed by MRP 04-409)	Center for Health Equity Research and Promotion (CHERP), VA Pittsburgh Healthcare System (VAPHS), \$24,879
	This pilot study was designed to understand healthcare providers' perspectives on the process of providing appropriate assistive technology for mobility to individuals with spinal cord injuries.		
2006–2012	H133N600019 University of Pittsburgh Model Center on Spinal Cord Injury (UPMC-SCI)	Co-investigator, 3.6%	Department of Education, \$2,247,085
	This center focuses on providing model care for individuals with spinal injury and on investigating innovations in assistive technology. (PI: Boninger)		
2006–2011	R01HL081405 Ethnicity and Culture in Unrelated Stem Cell Donation	Consultant, 2% (subsumed)	National Heart, Lung, and Blood Institute (NHLBI), \$2,562,000
	This study uses cross-sectional and longitudinal telephone interview methods to examine cultural issues as they relate to the higher opt-out rates among minority donors and to examine ethnic group variation in donation experiences. (PI: Switzer)		
2006–2010	MRP 04-409 Understanding and Reducing Racial Disparities in Renal Transplantation	PI, 100%	VA Health Services Research and Development (HSR&D), \$292,000
	The purpose of this career development award was to become an independent health services researcher who investigates how culturally based characteristics in patients are related to racial disparities in transplantation in order to translate these findings into interventions that eliminate these disparities.		
2006–2008	XVA 72-034 Understanding and Reducing Racial Disparities in Kidney Transplantation	PI, 20% (subsumed by MRP 04-409)	Competitive Pilot Project Fund, Veterans Integrated Service Network 4 (VISN4), \$49,491
	This pilot study was designed to examine the feasibility of recruiting patients with end-stage renal disease (ESRD) for a longitudinal study; to examine the acceptability of using telephone interview procedures for the proposed measures; to describe the patients with respect to four key study domains; and to estimate the magnitude of the associations (effect sizes) among variables.		

2006–2007	XNV 72-085 Understanding and Reducing Racial Disparities in Kidney Transplantation	PI, 25% (subsumed by MRP 04-409)	Manner's Award, University Center for Social and Urban Research (UCSUR), University of Pittsburgh, \$9,976
	This faculty development award was provided to conduct pilot work that has the potential of leading to larger, externally funded projects.		
2005–2006	XNV 72-069 Tracking Outcomes among Living Kidney Donors	Co-PI, 2.5% (subsumed by OAA fellowship)	UPMC Starzl Transplant Institute, \$24,365
	This retrospective pilot survey of 85 laparoscopic living kidney donors was designed to examine physical, psychosocial, and quality-of-life issues related to kidney donation.		
2005–2006	Associated Health Professions Postdoctoral Fellowship in Health Services Research	Postdoctoral fellow, 100%	VA Office of Academic Affiliations (OAA), \$104,000
	This training program grant supported 2 years of mentored postdoctoral research, education, and clinical learning opportunities for selected fellows. Graduates were expected to be role models in leading, developing, conducting, and evaluating innovative health services research in a variety of clinical settings.		
2004–2005	LIP 72-023 Understanding Racial Differences in Preference for Cadaveric versus Living Donor Kidney Transplantation	Co-PI, 25% (subsumed by a Western Psychiatric Institute and Clinic [WPIC] postdoctoral fellowship)	Center for Health Equity Research and Promotion (CHERP), VA Pittsburgh Healthcare System (VAPHS), \$29,512
	The overall objective of this qualitative and quantitative study was to examine how patients' attitudes affect their decision to pursue living versus cadaveric kidney transplantation.		

Teaching/Education (++) indicate minority mentees)

Mentoring of faculty in research or scholarship

- 2021-present Mentor and career development advisor, Jennifer Crawford, PhD, Assistant Professor, Department of Psychiatry and Behavioral Sciences, University of New Mexico School of Medicine. Research topic: mental health provision in women's health clinics
- 2020-present Mentor and career development advisor, Margaret Greenwood-Ericksen, MD, MSc, Assistant Professor, Department of Emergency Medicine, University of New Mexico, School of Medicine. Research topic: health services research focused on the quality and delivery of rural mental healthcare.
- 2020-present Mentor and career development advisor, Eric Kruger, PT, DPT, PhD, MS, Assistant Professor, Division of Physical Therapy, Department of Orthopaedics and Rehabilitation, University of New Mexico, School of Medicine. Research topic: motivational interviewing in physical therapy and health services research.

- 2020-present Mentor and career development advisor, Naomi George, MD, MPH, Assistant Professor, Departments of Emergency Medicine and Critical Care Medicine, University of New Mexico, School of Medicine. Research topic: health services research focused on critical care and emergency medicine delivery to vulnerable patients.
- 2018-present Mentor and career development advisor, Dolores Guest, PhD, Research Assistant Professor, Division of Epidemiology, Biostatistics, and Preventive Medicine, Department of Internal Medicine, University of New Mexico, School of Medicine. Research topic: Nutrition health services to cancer patients and survivors.
- 2018-present Mentor and career development advisor, Miria Kano, PhD, Research Assistant Professor, Division of Epidemiology, Biostatistics, and Preventive Medicine, Department of Internal Medicine, University of New Mexico, School of Medicine. Research topic: Disparities in healthcare for sexual and gender minority cancer patients and survivors.
- 2018-present Mentor and career development advisor, Jean McDougall, PhD, Assistant Professor, Division of Epidemiology, Biostatistics, and Preventive Medicine, Department of Internal Medicine, University of New Mexico, School of Medicine. Research topic: Financial hardship and healthcare disparities in cancer patients and survivors.
- 2018-present Mentor and career development advisor, Jamie Krashin, MD, MSCR, Assistant Professor, Division of Family Planning, Department of Obstetrics & Gynecology, University of New Mexico, School of Medicine. Research topic: disparities in gynecological care and contraceptives for vulnerable women.
- 2017-2021 Mentor and career development advisor, Kelly Chong, PhD, Assistant Professor, Division of Nephrology, Department of Internal Medicine, University of New Mexico, School of Medicine. Research topic: disparities in palliative care to vulnerable populations; quality of life in patients with kidney disease.
- 2017-2020 Mentor, Yue-Harn Ng, MD, Assistant Professor, Division of Nephrology, Department of Internal Medicine, University of New Mexico, School of Medicine. Research topic: kidney disease, kidney transplantation outcomes and adherence.
- 2017-2018 Mentor and career development advisor, Sara Beth Cichowski, MD, Assistant Professor, Division of Urogynecology, Department of Obstetrics & Gynecology, University of New Mexico, School of Medicine. Research topic: improving patient satisfaction and quality of life in women Veterans with pelvic floor disorders.
- 2016-2017 Primary mentor, Gaetan Sgro, MD. Primary mentor to Assistant Professor in Department of Medicine on pilot grant submission to VA HSR&D, "Factors that impact the implementation of a model guided readmission reduction program." Current position: Staff physician, VA Pittsburgh Healthcare System, and Assistant Professor, University of Pittsburgh, School of Medicine, Pittsburgh, PA
- 2015-2017 Mentor and career development advisor, Terrence L. Hubert, PhD. Mentor and career development advisor to Health Systems Specialist, Veterans Engineering Resource Center, VA Pittsburgh Healthcare System. Research topic: developing quality improvement initiatives into research projects. Current position: Health systems specialist, OSI-VERC, VA Pittsburgh Healthcare System, Pittsburgh, PA
- 2014-2019 ++Mentor and career development advisor, Amber E. Johnson, MD, MBA. Mentor and career development advisor to cardiology fellow (now Assistant Professor) University of Pittsburgh Heart and Vascular Institute, and then while funded on a T32, Cardiology Division, Department of Medicine, University of Pittsburgh, School of Medicine. Research topic: disparities in defibrillator therapy for adult cardiovascular disease patients and the pharmacogenomics of health disparities in cardiovascular disease. Current position: Assistant Professor, Cardiology Division, Department of Medicine, University of Pittsburgh, School of Medicine, and VA Pittsburgh Healthcare System, Pittsburgh, PA
- 2014-2015 Mentor and career development advisor, Kaveh Ardalán, MD. Mentor and career development advisor to pediatric rheumatology fellow, while funded on a T32 in the Pediatric Rheumatology Department, Children's Hospital of Pittsburgh of UPMC. Research topic: disparities and quality of life outcomes in pediatric scleroderma. Current position:

Attending Physician, Rheumatology; Instructor in Pediatrics-Rheumatology, Northwestern University Feinberg School of Medicine.

- 2014-2015 ++Mentor and career development advisor, Carla Salgado, MD. Mentor and career development advisor to post-doctoral graduate student obtaining an MS in Clinical Research at the Institute for Clinical Research and Education, University of Pittsburgh, School of Medicine. Research topic: disparities in healthcare service delivery to minorities in Ecuador. Current position: Physician researcher at the National Institute of Public Health Research, and lecturer at the Faculty of Medicine of the University of Azuay and member of the Clinical Research Unit.
- 2012-2014 Primary mentor and career development advisor, Michael A. Freeman, MD. Primary mentor and career development advisor to pediatric nephrology fellow, while funded on a T32 in the Pediatric Nephrology Department, Children's Hospital of Pittsburgh of UPMC. Current position: Assistant Professor of Pediatrics, Division of Pediatric Nephrology and Hypertension, Penn State Hershey Children's Hospital, Penn State College of Medicine, Hershey, PA.
- 2012 ++Mentor and career development advisor, Joyce E. Balls-Berry, PhD, MPE. Mentor in manuscript writing and development of a minority supplement to my existing NIDDK-funded project on disparities in kidney transplantation. Current position: Assistant Professor of Epidemiology, Department of Health Sciences Research, Mayo Clinic, Rochester, MN.
- 2011-2013 ++Mentor and career development advisor, Denise C. Fyffe, PhD. Mentored for development of a career development award project on issues related to race disparities in wheelchair service delivery for patients with spinal cord injury, and on research processes within the VA Healthcare System. Current position: Senior Research Scientist, Kessler Foundation and Assistant Professor, Department of Physical Medicine and Rehabilitation, Rutgers New Jersey Medical School, Newark, NJ.
- 2007-2008 Mentor, Sara Eggers, PhD. Mentored as a post-doctoral fellow in Health Services Research on development of a project to examine cultural and psychosocial factors related to disparities in wheelchair service delivery for patients with spinal cord injury. Current position: Decision Scientist, U.S. Food and Drug Administration, Washington, DC.
- 2006–2010 Mentor, Leslie RM Hausmann, PhD. Mentor as post-doctoral fellow and career development awardee on issues related to disparities in healthcare and the effects of perceived discrimination on healthcare and patient outcomes. Current position: VA Career Development Awardee and Assistant Professor of Medicine, School of Medicine, University of Pittsburgh.

Resident and Fellow Mentoring

- 2019-2021 Primary mentor and career development advisor, Samuel Swift, PhD. Primary mentor for post-doctoral fellow at the Center for Healthcare Equity in Kidney Disease (CHEK-D), University of New Mexico Health Sciences Center, Albuquerque, New Mexico. Research topic: Clinical/social epidemiology and disparities in kidney transplantation. Current Position: Health Systems Epidemiology Program Manager at the New Mexico Department of Health
- 2015-2017 ++Primary mentor and career development advisor, Lilinete (Roldan-Hernandez) Polsunas, MD. Primary mentor on Scholarly Research Project for medical student at University of Pittsburgh, School of Medicine. Research topic: cultural factors related to disparities in kidney transplantation. Current position: Pediatric anesthesiology resident, Children's Hospital of Pittsburgh of UPMC, Pittsburgh, PA.
- 2011-2013 ++Mentor and career development advisor, Tiffani J. Johnson, MD. Mentored as a post-doctoral scholar in healthcare disparities for the RAND-University of Pittsburgh Health Institute, University of Pittsburgh, School of Medicine. Current position: Assistant Professor of Pediatrics, Emergency Medicine Division, Perelman School of Medicine, University of Pennsylvania, and Children's Hospital of Philadelphia, Philadelphia, PA.

- 2011-2012 Mentor and career development advisor, Justin Wallace, MD. Mentored and serve as career development advisor, while obtaining residency training in vascular surgery in the Surgery Department, University of Pittsburgh, School of Medicine. Research topic: disparities and outcomes research in vascular surgery. Current position: Vascular Surgeon, Excela Health, Greensburg, PA.

Medical Student Mentoring

- 2018-2020 Mentor and career development advisor, David Gangwish, BA. Mentor to medical student, University of New Mexico, School of Medicine. Research topic: predictors of rejection in kidney transplantation.

PhD Student Mentoring

- 2018-2021 Mentor and career development advisor, C. Graham Ford, MS. Mentor to graduate student obtaining a PhD in Clinical Psychology, Department of Psychology, University of New Mexico. Research topic: religion and quality of life in kidney transplantation.
- 2017-2019 Primary mentor and career development advisor, Hannah Wesselman, BA. Primary mentor and career development advisor to fellow, Pittsburgh Urban Leadership Service Experience (PULSE). Research topic: interventions to reduce disparities in kidney transplantation. Current position: PhD Graduate Student, University of Notre Dame, Notre Dame, IN.
- 2017-2019 Mentor, Shu Wang, PhD. Mentor to graduate student obtaining a PhD in Biostatistics, University of Pittsburgh School of Public Health. Research topic: non-medical predictors of disparities in quality of life outcomes in kidney transplant recipients. Current position: Research Assistant Professor, University of Florida Health Cancer Center & Department of Biostatistics, University of Florida.
- 2017-2019 Mentor, Xingyuan Li, PhD. Mentor to graduate student obtaining a PhD in Biostatistics, University of Pittsburgh School of Public Health (now working in private sector). Research topic: non-medical predictors of disparities in receipt of living donor kidney transplantation. Current position: Research scientist, Eli Lilly and Company, Indianapolis, IN.
- 2013-2015 ++Mentor and career development advisor, Alexis Pluscherie N. Chidi, MSPH, CPH, MD, PhD. Mentor and serve as thesis committee member and advisor to MD/PhD student in the Clinical Scientist Training Program at the University of Pittsburgh, School of Medicine. Research topic: race and geographic disparities in hepatocellular carcinoma. Current position: General Surgery Resident at Johns Hopkins Hospital, Baltimore, MD.
- 2011-2014 Primary mentor and dissertation advisor, Crystal Lim, BA, MSW, PhD. Primary mentor and dissertation advisor to doctoral student in the University of Pittsburgh, School of Social Work. Dissertation title: "The influence of illness burden and social support on the completion of kidney transplant evaluation." Current position: Senior Principal Medical Social Worker, Medical Social Services Department, Singapore General Hospital.
- 2011-2014 Mentor and supervisor, John Pleis, MS, PhD. Mentored as a PhD candidate in the School of Public Health and as a biostatistician on research in my laboratory. Research topic: Kidney transplant decision making studies. Current position: Division of Research and Methodology, National Center for Health Statistics, Centers for Disease Control and Prevention, Hyattsville, MD.
- 2010–2011 Mentor and supervisor, Sunghee Kim, PhD. Mentored as a PhD candidate in the School of Public Health and as a biostatistician on research in my laboratory. Research topic: Kidney transplant decision making studies. Current position: Mathematical Statistician, FDA/Center for Devices and Radiological Health, Silver Springs, MD.
- 2010 Mentor and supervisor, Jane S. Walsh, PhD. Mentored as a PhD candidate in the Department of Sociology and as a project coordinator on research in my laboratory. Research topic: Understanding race and culture in living donor kidney transplantation

among veterans. Current position: Assistant Professor, Social Sciences, Clarion University, Clarion, PA.

- 2009–2011 Mentor and supervisor, Maria K. Dillard, PhD. Mentored as a PhD candidate in the Department of Sociology and as a research assistant on research in my laboratory. Research topic: Understanding quality and equity in wheelchair service delivery for veterans. Current position: Research Social Scientist, Community Resilience Group, National Institute of Standards and Technology, Gaithersburg, MD.
- 2009–2010 Mentor and supervisor, Donna Almario Doeblor, MPH, MS, DrPh. Mentored as a DrPh candidate in the University of Pittsburgh, School of Public Health and as a biostatistician on research in my laboratory. Research topic: Kidney transplant decision-making studies. Current position: Manager, UPMC Corporate & Special Projects; Adjunct Assistant Professor, University of Pittsburgh Graduate School of Public Health, Pittsburgh, PA.

Masters Student Mentoring

- 2016-2017 Primary mentor and career development advisor, Corinne Hendrock, MPH. Primary mentor and career development advisor to fellow, Pittsburgh Urban Leadership Service Experience (PULSE). Research topic: interventions to reduce disparities in kidney transplantation. Current position: Clinical Research Team, Medpace, Dallas, TX.
- 2015-2016 ++Primary mentor and career development advisor, Menna Abaye, MA. Primary mentor and career development advisor to fellow, Pittsburgh Urban Leadership Service Experience (PULSE). Research topic: interventions to reduce disparities in kidney transplantation. Current position: Clinical Research Coordinator, Department of Critical Care Medicine, University of Pittsburgh School of Medicine, Pittsburgh, PA.
- 2014-2016 Mentor and career development advisor, Kellee R. (Bornemann) Kendall, BA, MPH. Mentor and career development advisor to graduate student obtaining a MPH in Behavioral and Community Health, University of Pittsburgh School of Public Health. Research topic: mobile market interventions to address urban food deserts in the United States. Current position: Senior Research Project Manager, Center for Research on Health Care, University of Pittsburgh, Pittsburgh, PA.
- 2010-2012 Thesis advisor, Sarah Ramer, MD. Served as thesis committee member and advisor to MD/MSc student in the Clinical Scientist Training Program, School of Medicine, University of Pittsburgh, and funded by a Doris Duke Clinical Research Fellowship. Research topic: psychosocial and health services issues in end-stage kidney disease patients on dialysis. Current position: Internal Medicine Physician, Newark, NJ.

Courses and Workshops Taught for Medical Professionals

- 2020- Journal Club Director, Nephrology Division, Department of Internal Medicine, School of Medicine, University of New Mexico, Albuquerque, New Mexico.
- 2020 Journal club presentations: “Introduction to Journal Club” and “How to read and understand the Methods section of a journal article,” Nephrology Division, Department of Internal Medicine, School of Medicine, University of New Mexico, Albuquerque, New Mexico.
- 2017- Annual Invited seminar: “Creating Effective Slides for Memorable Presentations,” Nephrology Division, Department of Internal Medicine, School of Medicine, University of New Mexico, Albuquerque, New Mexico.
- 2016-2017 Session organizer and instructor for racial disparities in healthcare medical school seminar, “Changing Science, Changing Society,” 23 medical students, spring 2017.
- 2016 Course designer and instructor, “Introduction to Disparities Research in Health Care,” ICRE, University of Pittsburgh, 15 clinical/research fellows, 24 contact hours, fall 2016.

- 2014 Course designer and instructor, "Introduction to Disparities Research in Health Care," ICRE, University of Pittsburgh, 6 clinical/research fellows, 24 contact hours, fall 2014.
- 2014 Course instructor, "Medical Writing and Presentation Skills," ICRE, University of Pittsburgh, 12 students, 12 contact hours, spring 2014.
- 2012 Course designer and instructor, "Introduction to Disparities Research in Health Care," ICRE, University of Pittsburgh, 6 clinical/research fellows and 1 graduate student, 24 contact hours, fall 2012.
- 2011 Invited seminar: "Healthcare Disparities: Prevalence, Contributing Factors, and Provider-Driven Solutions," Internal Medicine Residents Noon Conference, Division of General Internal Medicine, Department of Medicine, School of Medicine, University of Pittsburgh, Pittsburgh, Pennsylvania, May 2011.
- 2011 Course designer and instructor, "Introduction to Disparities Research in Health Care," ICRE, University of Pittsburgh, 8 clinical/research fellows or graduate students, 24 contact hours, spring 2011.
- 2010-2011 Guest seminar instructor, "Health and Healthcare Disparities," for "Outcomes and Effectiveness Research" Course, ICRE, University of Pittsburgh, 15 clinical/research fellows or residents per year, 2 contact hours per course, April 2010, 2011.
- 2008–2010 Course instructor, "Research Design and Development," ICRE, University of Pittsburgh, 10 clinical/research fellows or residents per year, 39 contact hours per term, fall and spring 2008-2010.
- 2007 Course assistant, "Measurement in Clinical Research" (Professor: Galen E. Switzer), Institute for Clinical Research Education (ICRE), University of Pittsburgh, ~15 clinical/research fellows or residents, 16 contact hours, summer 2007.

Courses Taught for Undergraduates

- 2000 Course designer and instructor, "Psychology of Gender," University of Pittsburgh, ~20 undergraduates, 33 contact hours, fall 2000.
- 1999 Teaching assistant, "Psychology of Small Groups" (Professor: Richard L. Moreland), University of Pittsburgh, ~60 undergraduates, 33 contact hours, fall 1999.
- 1999 Teaching assistant, "Social Psychology" (Professor: Janet Schofield), University of Pittsburgh, ~100 undergraduates, 39 contact hours, fall 1999.
- 1999 Course designer and instructor, "Psychology of Human Sexuality," University of Pittsburgh, ~20 undergraduates, 33 contact hours, summer 1999.
- 1998-2000 Course designer and instructor, "Psychology of Personality," University of Pittsburgh, ~30 undergraduates per term, 36 contact hours, summer 1998, spring 1999, spring 2000, summer 2000.
- 1998 Teaching assistant, "Law and Social Psychology" (Professor: Martin Greenberg), University of Pittsburgh, ~50 undergraduates, 33 contact hours, fall 1998.
- 1998 Teaching assistant, "Introduction to Psychology" (Professor: Eva Vaughn), University of Pittsburgh, ~60 undergraduates, 52 contact hours, spring 1998.
- 1997 Teaching assistant, "Psychology of Personality" (Professor: Richard L. Moreland), University of Pittsburgh, ~100 undergraduates, 39 contact hours, fall 1997.
- 1997 Course designer and instructor, "Introduction to Psychology," University of Pittsburgh, ~100 undergraduates, 36 contact hours, summer 1997.
- 1997 Teaching assistant, "Introduction to Psychology" (Professor: Carey Ryan), University of Pittsburgh, ~60 undergraduates, 52 contact hours, spring 1997.
- 1996 Teaching assistant, "Basic Applied Statistics" (Professor: Eva Vaughn), University of Pittsburgh, ~60 undergraduates, 39 contact hours, fall 1996.

- 1994–1995 Course designer and instructor, “Introduction to Psychology” (Supervising Professor: Brennis Lucero Wagoner), California State University, Northridge, ~20 undergraduates per term, 38 contact hours, fall 1994 and spring 1995.
- 1993 Teaching assistant, “Developmental Psychology” (Professor: Michelle Wittig), California State University, Northridge, ~35 undergraduates, 38 contact hours, fall 1993.

Invited Lectures, Seminars, and Panel Presentations (Teaching/Mentoring Related)

1. “Getting the Most from Your Research and Mentor.” Invited student research seminar for the Southwest Institute for Health Disparities Research, the College of Business and the College of Health and Social Services, New Mexico State University, Las Cruces, NM, September 2019.
2. “Enhancing Mentee Relationships.” Invited faculty seminar for the Southwest Institute for Health Disparities Research, the College of Business and the College of Health and Social Services, New Mexico State University, Las Cruces, NM, September 2019.
3. “Mentoring Pearls.” Invited panel presentation as Associate Director, Professional Development Core for the Mountain West Clinical and Translational Research Infrastructure Network (MW CTR-IN) Annual Meeting, Las Vegas, Nevada, June 2019.
4. Faculty Panelist, Dean’s Summer Research Program – “Making the most out of the relationship with your mentor.” University of Pittsburgh, School of Medicine, Pittsburgh, Pennsylvania, June 2017.
5. Internal Medicine Retreat Panelist, “How non-minority faculty handle interviews with resident applicants from diverse or underrepresented backgrounds.” University of Pittsburgh, School of Medicine, Pittsburgh, Pennsylvania, 2016.
6. Invited Panel Participant: “The Crisis that Leads to Transplant,” Our Health Matters: Examining the Minority Health Crisis sponsored by Donate Life PA and the Center for Organ Recovery and Education, Pittsburgh, Pennsylvania, March 2014.
7. Organizer of Round-Table Symposium: “Women in Academe: Setting an Action Agenda for Change” (panel included Professors NP Russo, J Yoder, B Lott, and LL Carli), Annual Meeting of the American Psychological Association, San Francisco, California, August 2001.
8. “Empowering Students to Engage in Activist Research and Learn Something in the Process: Classroom Group Projects That Make a Difference,” Women’s Studies Program, University of Pittsburgh, Pittsburgh, Pennsylvania, March 2001

Administration/Service

University Service

- 2021-present IT Networking Capacity Task Force, University of New Mexico Health Science Center
- 2021-present Developing Mentoring Programs Task Force, University of New Mexico Health Science Center
- 2021-present Faculty Council Representative, Research Strategic Planning Committee UNM Health Sciences Center
- 2020-present Faculty Senate Member, University of New Mexico Health Science Center Faculty Council
- 2020-present Faculty Senate Member, University of New Mexico
- 2020-present CTSC Executive Committee Member, University of New Mexico Health Science Center
- 2020-present Developer and Course Director, Grant development and writing, year-long grant writing course for early career faculty to submit career development award to NIH, University of New Mexico, Health Sciences Center
- 2019-present Developer and Director, Concentration in Biostatistics for new PhD program in Health Equity Sciences, University of New Mexico, College of Population Health

- 2018-present Committee Member, Clinical and Translational Science Center Mentored Career Development Program (KL2) – representing Department of Internal Medicine, University of New Mexico, School of Medicine
- 2013-2017 Faculty member, Protocol Review Committee (PRC) and Data Safety Monitoring Board (DSMB), Thomas E. Starzl Transplantation Institute, University of Pittsburgh, School of Medicine
- 2010-2014 Faculty member, UPMC Presbyterian Campus Ethics Committee, University of Pittsburgh, School of Medicine.
- 2010-2013 Faculty member, Prospective Medical Student Interviewing Committee, University of Pittsburgh, School of Medicine.
- 2000-2001 Graduate student member, Steering Committee, Women’s Studies Program, University of Pittsburgh.
- 1998-1999 Social psychology representative, Web Page Committee, Department of Psychology, University of Pittsburgh.
- 1998-1999 Member and representative of the Department of Psychology, Graduate Student Organization, School of Arts and Sciences, University of Pittsburgh.
- 1998-1999 Graduate student representative, Colloquium Committee, Department of Psychology, University of Pittsburgh.
- 1997-1999 Graduate student representative, Committee on Undergraduate Education, Department of Psychology, University of Pittsburgh.
- 1994-1995 Student co-chair, Committee on the Status of Women at California State University, Northridge.

Extramural Professional Activities

- 2021-present Member-at-Large, Disparities Interest Group (IG) Advisory Committee, AcademyHealth
- 2021 Ad-hoc reviewer, Healthcare Delivery and Methodologies (HDM) Integrated Review Group (Healthcare and Health Disparities Study Section), National Institutes of Health
- 2012-2015; 2021 Reviewer, Scientific Merit Review Board, Veterans Administration Health Services Research and Development (HSR&D) Service.
- 2020-present Associate Editor, *Clinical Transplantation*
- 2017 Reviewer, *Patient-Centered Outcomes Research Institute*
- 2016, 2020 Abstract reviewer, Annual Meeting of the *American Transplant Congress*
- 2015-present Grant Reviewer and Member, Scientific Merit Review Board, Veterans Administration Rehabilitation Research and Development (RR&D) Service
- 2015-2018 Action Lead, *American Society of Transplantation* Special Task Force on Improving Post-Transplant Adherence
- 2015 Abstract reviewer, 37th Annual Meeting and Scientific Sessions of the *Society of Behavioral Medicine*
- 2014-2017 Executive Committee, Member-At-Large, Psychosocial Community of Practice, *American Society of Transplantation*
- 2014 Reviewer, Small Projects in Rehabilitation Research (SPiRE), Veterans Administration Rehabilitation Research and Development (RR&D) Service.
- 2014 Ad-hoc reviewer, Health Disparities and Equity Promotion (HDEP) study section of the National Institutes of Health (NIH)
- 2013 Founding member, Psychosocial Community of Practice, *American Society of Transplantation*

- 2012 Reviewer, Special Emphasis Panel, RFA-DK-12-006: Promoting Organ and Tissue Donation Among Diverse Populations, National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), of the National Institutes of Health (NIH).
- 2012-2013 VA Health Services Research and Development (HSR&D) Subject Matter Expert for Office of Research and Development/Human Resources DEU Task Force.
- 2011-2012 Reviewer, Scientific Merit Review Board, Veterans Administration Rehabilitation Research and Development (RR&D) Service.
- 2009-2017 Alternate and acting member, Institutional Review Board, VA Pittsburgh Healthcare System.
- 2009 Ad hoc reviewer for the Review Panel of Career Development Awards, VA Health Services Research and Development (HSR&D) Service.
- 2001-2002 Interim chair, Student Committee, Society for the Psychological Study of Social Issues.
- 2001-2002 Member, Fellows Nominating Committee, Society for the Psychology of Women (Division 35 of the American Psychological Association).
- 2000-2001 Assistant to the associate editor, *Journal of Experimental Social Psychology*.
- 2000-2001 Member at large, Student Committee, Society for the Psychological Study of Social Issues.
- 1997-2000 Member, Clara Mayo Memorial Award Grants Committee, Society for the Psychological Study of Social Issues.
- 1997-1998 Member, Clara Mayo Memorial Award Development Task Force, Society for the Psychological Study of Social Issues.
- 1997 Coordinator, Planning Committee, 22nd Annual Feminist Psychology Conference, Association for Women in Psychology.
- 1995-2001 Liaison and topic coordinator, Sexism and Sex Discrimination Topic, Society for the Psychological Study of Social Issues (Division 9 of the American Psychological Association).

Journal Review

- 2017-present Reviewer, *Health Psychology*
- 2012-present Reviewer, *American Journal of Transplantation*
- 2012-present Reviewer, *Medical Care*
- 2012-present Reviewer, *Quality of Life Research*
- 2011-present Reviewer, *Archives of Physical Medicine and Rehabilitation*
- 2010-present Reviewer, *Clinical Transplantation*
- 2008-present Reviewer, *Journal of Behavioral Medicine*
- 2008-present Reviewer, *Journal of Clinical Psychology in Medical Settings*
- 2007-present Reviewer, *Journal of Psychosomatic Research*
- 2005-present Reviewer, *Sex Roles*
- 2005-present Reviewer, *Swiss Medical Weekly*
- 2004-present Reviewer, *Aids and Behavior*
- 2003-present Reviewer, *Social Science and Medicine*
- 2003-present Reviewer, *Progress in Transplantation*
- 1998 Reviewer, *Personality and Social Psychology Bulletin*
